State of Kansas

Employee Health Plan Prescription Benefit

Plan A

Prescription Drug Benefit Description

Herein called "Description"

Prescription Drug Program For State of Kansas Employees Health Plan

This booklet describes the Prescription Drug benefits available through the State of Kansas program. The prescription drug program is funded by the Kansas State Employees Health Care Commission and administered by CVS Caremark. The State of Kansas reserves the right to change or terminate the program at any time or to change the company that administers the program.

The CVS Caremark Pharmacy and Therapeutics Committee administers the Preferred Drug List and assists the State in determining the appropriate tiers of coverage. CVS Caremark is not the insurer of this Program and does not assume any financial risk or obligation with respect to claims.

Section 1 Definitions

Allowed Charge – the maximum amount the Plan determines is payable for a covered expense. For this Plan the Allowed Charge will be the contracted reimbursement rate including any applicable sales tax. When this Plan is secondary to other insurance coverage, the Allowed Charge will be the amount allowed but not covered by the other plan subject to the coverage provisions of this Plan.

Brand Name – Typically, this means a drug manufactured and marketed under a trademark, or name by a specific drug manufacturer. For purposes of pricing, drug classification (e.g., brand vs. generic) will be established by a nationally recognized drug pricing and classification source.

Compound Medication – a medication mixed for a specific patient and not available commercially. To be eligible for reimbursement claims for compounds must list the 11 digit National Drug Code (NDC) for each ingredient used in the compound. National drug code (NDC) number, requiring a Physician's Order to dispense, and eligible for coverage under this Plan.

Coinsurance – is a sharing mechanism of the cost of health care and is expressed as a percentage of the Allowed Charge that will be paid by You and the balance paid by the Plan.

Copayment – a specified amount that You are required to pay for each quantity or supply of prescription medication that is purchased.

Discount Medications – are medications Not Covered by the Plan but the Plan has a negotiated discount with Network Pharmacies when purchased. These items include but are not limited to: medications with primary indications for use of infertility; erectile dysfunction; medications used primarily for cosmetic purposes; dental preparations (toothpaste, mouthwash, etc.); prescription medications where an equivalent non prescription product is available Over-The-Counter - example: non sedating antihistamines & nasal steroids; Drug Efficacy Study Implementation (DESI-5) medications – older medications which still require a prescription, but which the FDA has approved only on the basis of safety, not safety and effectiveness; Ostomy supplies and other prescription medications which are not covered by the Plan.

Drug Override – a feature that allows Members who meet specific criteria outlined in the Plan to receive Non Preferred Drugs at the Preferred Drug Coinsurance level.

Experimental, Investigational, Educational or Unproven Services – medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that are determined by the Plan (at the time it makes a determination regarding coverage) to be: **(1**) not approved by the U.S. Food and Drug Administration ("FDA") to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopeia Dispensing Information as appropriate for the proposed use; or **(2)** subject

to review and approval by any Institutional Review Board for the proposed use; or **(3)** the subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 Clinical Trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or **(4)** not demonstrated through prevailing peer-reviewed medical literature to be safe and effective for treating or diagnosing the condition or illness for which its use is proposed; or **(5)** for the primary purpose of providing training in the activities of daily living, instruction in scholastic skills such as reading or writing, or preparation for an occupation or treatment for learning disabilities. Coverage of clinical trials is provided as required under the ACA.

Generic – Typically, this means a medication chemically equivalent to a Brand Name drug on which the patent has expired. For purposes of pricing, drug classification (e.g., Brand vs. Generic) will be established by a nationally recognized drug pricing and classification source.

Injectable Drug List –Injectable medications covered under this Plan include drugs that are intended to be self-administered by the Member and/or a family member as well as some injectable drugs that may need to be administered by a medical professional. The cost to inject these drugs is not covered under this Plan. Coverage is limited to those medications that have been designated by the Plan. This list is subject to periodic review and modification.

Legend Drug – medications or vitamins that by law require a physician's prescription in order to purchase them.

Maximum Allowable Cost List (MAC List) – a list of specific multi-source Brand Name and Generic drug products that the maximum allowable costs have been established on the amount reimbursed to pharmacies.

Maximum Allowable Quantity List – some medications are limited in the amount allowed per fill. Limiting factors are FDA approval indications for (MAQ) as well as manufacture package size and standard units of therapy. The list is subject to periodic review and modification.

Medically Necessary – Prescription Drug Products which are determined by the Plan to be medically appropriate and: **(1)** dispensed pursuant to a Prescription Order or Refill; **(2)** necessary to meet the basic health needs of the Member; **(3)** consistent in type, frequency and duration of treatment with scientifically-based guidelines of national medical, research, or health care coverage organizations or governmental agencies; and **(4)** commonly and customarily recognized as appropriate for treatment of the illness, injury, sickness or mental illness. The fact that a provider prescribed a Prescription Drug Product or the fact that it may be the only treatment for a particular illness, injury, sickness or mental illness does not mean that it is Medically Necessary. **(5)** For Non Covered Prescription Drug Products to be considered for coverage, You must have had an unsuccessful trial with one or more prescription drug listed on the Preferred Drug List for treatment of the condition. Non Covered Prescription Drug Products require Prior Authorization by the Plan and must meet all of the above Medical Necessity

criteria to be considered for coverage. Your physician must contact the Plan to obtain Prior Authorization before a Non Covered Prescription Drug Product is eligible for coverage. The fact that a medication may be medically necessary or appropriate does not mean that is a covered service.

Member – an individual eligible for benefits under the Plan as determined by the Plan Sponsor.

Network Pharmacy – a pharmacy that has entered into an agreement with CVS Caremark to provide Prescription Drug Product to Members and has agreed to accept specified reimbursement rates.

Non Covered - Prescription Drug Products for which reimbursement by the Plan is not available. The decision as to what Prescription Drug Products are not covered is determined by the Plan and subject to periodic review and modification.

Non Network Pharmacy - a pharmacy that has not entered into an agreement with CVS Caremark to provide Prescription Drug Products to Members or agreed to accept the CVS Caremark reimbursement rates

Non Preferred Drug – Covered FDA approved prescription drug products that are not listed on the Preferred Drug List and are not considered to be Non Covered drugs by the Plan.

Out of Pocket Maximum – The combined total amount You will pay in Coinsurance and Copayments for covered medications each Plan Year.

Over The Counter (OTC) – are drugs You can buy without a prescription from a health care provider. The U.S. Food and Drug Administration ("FDA") determines whether medications are prescription or nonprescription. Nonprescription or OTC drugs are medications the FDA decides are safe and effective for use without a prescription.

Patient Assistance Programs - Pharmaceutical manufacturers may sponsor patient assistance programs that provide financial assistance to individuals to augment any existing prescription drug coverage. Amounts paid through these patient assistance programs will not count toward meeting Plan Deductibles or Out Of Pocket Maximums. Patient Assistance Programs may include copay cards, coupons and other such manufacturer sponsored assistance programs.

Performance Drug List - encourages members to use lower cost generics PPIs - proton pump inhibitors before using non preferred brand products. Before a prescription for a Non Preferred drug can be processed, the member must have tried one of the generic PPIs - proton pump inhibitors alternatives available.

Pharmacy – a licensed provider authorized to prepare and dispense drugs and medications. A Pharmacy must have a National Association of Boards of Pharmacy identification number (NABP number).

Plan – The benefits defined herein and administered on behalf of the State of Kansas by CVS Caremark.

Plan Sponsor – State of Kansas

Preferred Drug List – a list that identifies those Prescription Drug Products that are preferred by the Plan for dispensing to Members when appropriate. This listis subject to periodic review and modification. The Preferred Drug List is available at: **http://www.caremark.com** and at the SEHP website: **https://healthbenefitsprogram.ks.gov/sehp/vendors/CVS**.

Preferred Drug – a drug listed on the Preferred Drug List.

Prescription Drug Product – a medication, product or device registered with and approved by the U.S. Food and Drug Administration ("FDA") as safe and effective when used under a health care provider's care and dispensed under federal or state law only pursuant to a Prescription Order or Refill. For the purpose of coverage under the Plan, this definition includes insulin and diabetic supplies: insulin syringes with needles, alcohol swabs, blood testing strips-glucose, urine testing strips-glucose, ketone testing strips and tablets, lancets and lancet devices.

Prescription Order or Refill – the directive to dispense a Prescription Drug Product issued by a duly licensed health care provider whose scope of practice permits issuing such a directive.

Prior Authorization – the process of obtaining pre-approval of coverage for certain Prescription Drug Products, prior to their dispensing, and using guidelines approved by the Plan Sponsor. The Plan retains the final discretionary authority regarding coverage. The list of medications requiring prior authorizations is subject to periodic review and modification.

Rescission – is a retroactive cancellation of coverage. In accordance with the requirements in the Affordable Care Act, the Plan will not retroactively cancel coverage except when premiums and contributions are not timely paid (in full), or in cases when an individual performs an act, practice or omission that constitutes fraud, or makes an intentional misrepresentation of material fact. A failure to timely pay premiums includes a failure to pay premiums for continuation coverage under COBRA.

Special Case Medication – a group of high cost medications used for the treatment of catastrophic conditions. The list of Special Case Medications is designated by the Plan and is subject to periodic review and modification.

***Specialty Drugs* -** Utilized by a small percentage of the population with rather complex and/or chronic conditions requiring expensive and/or complicated drug regimens that require close supervision and monitoring on an ongoing basis. Specialty drugs may require specialized delivery and are administered as injectable, inhaled, oral or infusion therapies. Coverage under the drug plan is limited to medications that have been designated by the Plan as Specialty Drugs and are either self-administered or self-injectable. To be eligible for coverage under the Plan, Specialty Drugs must be purchased from the CVS Caremark Specialty Mail Order Pharmacy. This list of Specialty Drugs is subject to periodic review and modification.

Standard Unit of Therapy – Up to a thirty (30) consecutive day supply of Prescription Drug Product, unless adjusted based on the drug manufacture's packaging size or "standard units of therapy guidelines." Some products may be subject to additional supply limits adopted by the Plan.

Tobacco Control **–** a program that encourages members to discontinue using tobacco products and reduce the risk of disease, disability, and death related to tobacco use.

You or Your – refers to the Member.

Section 2 Benefit Provisions

Coverage For Outpatient Prescription Drug Products

The Plan provides coverage for Prescription Drug Products, if all of these conditions are met:

1. You are an eligible Member in the Plan; and
2. it is Medically Necessary;
3. it is obtained through a Network Retail, Network Home Delivery or a Non Network Retail Pharmacy;
4. Specialty Drugs for administration or injection must be obtained from the CVS Caremark Specialty Pharmacy;
5. the Prescription Drug Product is a covered service under the Plan and it is dispensed according to Plan guidelines.

Standard Prescription Drug Benefits

Coverage Level	Prescription Drug Product	Member Responsibility
Tier One	**Generic Drugs**	**20% Coinsurance**
Tier Two	**Preferred Drugs**	**40% Coinsurance**
Tier Three	**Special Case Medications**	**40% Coinsurance Maximum of $100 per standard unit of therapy**
Tier Four	**Non Preferred & Compound Medications**	**65% Coinsurance**
Out of Pocket (OOP) Maximum	**Applies to Tiers One through Four**	**Combined Medical & Pharmacy Individual $6,250 Family $12,500**

Benefits are provided for each eligible Prescription Drug Product filled, subject to payment of any applicable Coinsurance or Copayment. The Provider and the patient, not the Plan or the employer determine the course of treatment. Whether or not the Plan will cover all or part of the treatment cost is secondary to the decision of what the treatment should be. If You use a Network Pharmacy, the Member's payment shall not exceed the Allowed Charge when You present Your identification card to the pharmacy as required. When a Non Network Pharmacy is used, You will be responsible for the difference between the pharmacy's billed charge and Allowed Charge

in addition to applicable Coinsurance or Copayment. Benefits for services received from a Retail Non Network Pharmacy will be paid to the primary insured. To be eligible for coverage under the Plan, Specialty Pharmacy products that are self-administered or injected must be purchased from the CVS Caremark Specialty Pharmacy. You cannot assign benefits under this program to any other person or entity. Non Covered Prescription Drug Products are not eligible for payment under the Plan unless Prior Authorization has been obtained and the prescription is considered to be Medically Necessary by the Plan.
Information on the Performance Drug List, Preferred Drug List, Special Case List, Self Injectable List or Specialty Drug List is available at: **http://www.caremark.com** or **https://healthbenefitsprogram.ks.gov/sehp/vendors/CVS**.

***Generic Prescription Drug Products*:**
Your Coinsurance is 20% of the Allowed Charge for eligible prescription drugs.

Preferred Brand Name Prescription Drug Products:
For eligible Preferred Brand Name Drugs, Your Coinsurance is 40% of the Allowed Charge. The Preferred Drug List is subject to periodic review and modification.

Special Case Medications:
Your responsibility is 40% Coinsurance of the Allowed Charge not to exceed a maximum of $100 per standard unit of therapy. For quantities less than a thirty (30) day supply, Your responsibility is 40% Coinsurance of the Allowed Charge not to exceed $100.

Non Preferred Brand Name Drug Products:
For covered Non Preferred Brand Name Drug Products Your Coinsurance is 65% of the Allowed Charge.

Compound Medications:
Compound claims are only eligible for payment under this Plan when dispensed by a Network pharmacy.

The Coinsurance will be 65% of the Allowed Charge of the Compounded Medication. All medications with a total cost of $300 must be Prior Authorized by the Plan.

ALL Compound drugs must be purchased at a Network pharmacy and if the TOTAL drug cost of the compound is over $300 the purchase must be Prior Authorized by the Plan. Claims for Compound Medications over $300 that have not been prior authorized will be denied by the Plan.

Please Note-If an ingredient cost is $0, a valid NDC number and quantity for the ingredient is still required. The total cost of all the ingredients in the compound must be less than the total dollar amount paid by the member for the compound.

The Plan reserves the right to review all compounded claims and exclude any excessive charges including but not limited to charges for bases and bulk compounding powders.

Exclusion of Select Topical Analgesics: Select topical analgesics will be excluded from coverage by the Plan. Compounded claims for pain patches or creams containing ingredients (alone or in combination) for the temporary relief of minor aches and muscle pains associated with arthritis, simple backache, strains, muscle soreness and stiffness are Non Covered services. Pain patches with ingredients including but not limited to: lidocaine, menthol, capsaicin and methyl salicylate are Non Covered services.

Specialty Drug:
Specialty drugs are medication that have been designated by the Plan. To be eligible for coverage under the Plan, specialty drugs must be purchased from the CVS Caremark Specialty Pharmacy. The list of specialty drugs medications is available at: **www.caremark.com** or **https://healthbenefitsprogram.ks.gov/sehp/vendors/CVS** and is subject to periodic review and modification. Coinsurance will be determined based on the Preferred Drug or Non Preferred Drug status of the medication; however most specialty drugs will also be on the Special Case List due to their high cost.

If you are participating in a Patient Assistance Program that provides payment in full or in part for Your Specialty Drug purchase, the amounts paid by the Patient Assistance Program will not count toward meeting the Plan's Out of Pocket requirements. Only Coinsurance and Copays that are actually paid by You will count toward meeting your Out of Pocket Maximum.

For members requiring Specialty Drugs, CVS Caremark will enroll You in the Specialty Pharmacy program. The Specialty Pharmacy Program focuses on patients who have complex and/or chronic conditions requiring expensive and/or complicated drug regimens that require close supervision and monitoring on an ongoing basis. Should You be prescribed a drug on the Specialty Drug List simply call CaremarkConnect® at 1-800-237-2767.
CVS Caremark will coordinate getting the prescription from the doctor, if necessary and work with You to set up delivery. As these products often require special handling, You can schedule drug delivery to Your home, office, doctor's office, local pharmacy or other location You designate. The medication along with any necessary supplies (at no additional cost) will typically be shipped overnight to You. You will not be charged any shipping charges. You will need to provide CVS Caremark with payment information for Your share of the drug cost.

You will be assigned a case manager who will be in contact with You on a regular basis to answer any question You may have regarding treatment, side effects and therapy compliance. These clinicians specialize in the management of chronic conditions. Individualized care plans are developed for patient-specific conditions and involve You, Your physician, nurse, case manager, and clinical pharmacist in a coordinated and monitored course of treatment. In addition, You will have access to pharmacists or nurses 24 hours a day, seven days a week should You have any question or concerns about therapy. This program offers You a convenient source for these Specialty Drugs, lower potential drug-to-drug interactions and improved therapy compliance.

Comprehensive Site of Care Specialty Program

The Plan has identified certain Specialty Drugs for exclusive coverage under the Comprehensive Site of Care Specialty Program. CVS Specialty will work with You and Your provider on delivering these Specialty drug to You for self-administration or to Your provider for clinician administration or infusion. A complete list of prescription drugs included in the Comprehensive Site of Care Specialty Program is available on the Caremark website.

CVS Specialty may work with You and Your provider to provide Your treatment in an outpatient or home setting when appropriate. When CVS Caremark arranges the site of care for the administration of the prescription drug, claims must be submitted to Caremark for payment. The prescription drug itself will be subject to the standard pharmacy Coinsurance tiers. A twenty (20) percent Coinsurance will apply to the Allowed Amount for the administration or infusion of the medication.

Chronic Care Benefit

Prescription Drugs for:	Prescription Drug Product	Member Responsibility Per 30 Day Supply
Asthma	**Generic Drug**	**10% to a maximum of $20**
	Preferred Brand Drug	**20% to a maximum of $40**
Diabetes	**Generic Drug**	**10% to a maximum of $20**
	Preferred Brands Drug	**20% to a maximum of $40**

The chronic care benefit is designed to support self management of asthma and diabetes. Regularly taking Your medication along with monitoring peak flows and blood sugar levels are critical to the self management of asthma and diabetes. To promote adherence to medication therapy, the Coinsurance has been reduced on prescription drug products primarily used for the treatment of asthma and diabetes as indicated above for medications on the Preferred Drug List. Non Preferred drugs are not eligible for lower Coinsurance and Copayments. The Plan retains the final discretionary authority on what constitutes an asthma or diabetic prescription drug product. This list is subject to periodic review and modification.

Discount Medications
Discount medications are Non Covered prescription medications under this Plan. If You purchase a medication designated by the Plan as a Discount Medication, You will be responsible for 100% of the Allowed Charge. The Allowed Charge is the CVS Caremark contracted reimbursement rate, and provides You with a discount off the retail price of these Non Covered medication. The Discount tier classification cannot be appealed or modified by a prior authorization. The Plan will not pay for these items. **Discount Medications do not count toward meeting Your Health Plan Deductible or Out of Pocket Maximum.**

Injectable Medications
Coverage for Injectable drugs under this Plan is limited to those medications that have been designated by the Plan Sponsor. A list of designated medications is available on the web at **http://www.caremark.com** or **https://healthbenefitsprogram.ks.gov/sehp/vendors/CVS**. This list is subject to periodic review and modification. The Injectable treatment must be Medically Necessary and appropriate for the condition being treated. Some Injectable Medications are available through the Specialty Pharmacy program for home delivery. For those Injectable items that require a medical professional to administer the drug, the cost for that injection is not covered under this Plan. These charges should be billed to Your medical insurance.

Opioids
For prescription Opioids additional limitations may apply including but not limited to quantity limits, and prior authorizations requirements depending upon the prescription product. Contact CVS Caremark customer service for details.

Oral Anti Cancer Medication
Refer to the separate rider attached to this benefit description.

Out of Pocket (OOP) Maximum
The Out of Pocket (OOP) Maximum for covered services in combination with the medical OOP under Plan A is $6,250 per individual and $12,500 per family. Once Your combined network medical and pharmacy OOP cost reaches the OOP Maximum, any additional claims received for covered medications under this Plan will be reimbursed at 100% of the Allowable Charge for the remainder of the calendar year.

Note: Discount medications and Non Covered Prescriptions Drug Products are not covered expenses under this Plan and therefore do not count toward the OOP Maximum and are not covered at 100% once the OOP maximum has been satisfied. Prescription drug claims not processed by CVS Caremark using non CVS Caremark discount cards or store discount programs are not eligible for inclusion in the Plan’s OOP or Deductible.

Performance Drug List (PDL)
The PDL provides You a number of Generic and Preferred Brand Name Drug options to reduce stomach acid. We encourage You to take the PDL with You to Your medical appointments so that You can discuss Your prescription therapy options with Your physician. Using Generic drugs will save You and the Plan money.

Under the Performance Drug List, Generic and Preferred Brand Name drugs are available and considered a first line therapy. Non Preferred Brand Name Drugs for long-lasting reduction of gastric [stomach] acid production (PPIs - proton pump inhibitors) You have a history of having tried at least one (1) Generic option. The CVS Caremark claim system will review your claims history to determine whether or not You have a prior history of using a generic product in the same therapeutic class before a claim for a Non Preferred Brand Name Drug will be paid by the Plan.

Preventive Care

The following prescription and OTC items will be covered at 100% of the allowed charge by the Plan when purchased with a prescription from Your physician. For OTC items, You will need to present a physician's prescription to a Network pharmacy and have the claim run through the Caremark claim system or submit a paper claim with all proper documentation. This list is not all inclusive and subject to periodic review and modification as federal guidelines for preventive care are updated. For a complete list of Preventive Services visit https://www.HealthCare.gov.

- Adults age 45 and over: Aspirin
- Adults age 40 to 75: low-dose Statin
- Pregnant Women at high risk for pre-eclampsia: Aspirin
- Immunizations: Children and Adult
- Screening for Colorectal Cancer age 50 and over: Bowel Preparation Medications
- Women Breast Cancer Prevention age 35 and over
- Women 55 and under: Folic Acid
- Woman Preventive Services: See Women's Contraception Section of this document
- Children age 6 and under: Oral fluoride
- Preexposure Prophylaxis (PrEP) for HIV
- Tobacco Cessation Products: See Tobacco Control Section of this document

Tobacco Control Wellness Program

The Plan will pay 100% of the allowed amount for tobacco control products listed on the Preferred Drug List. The Plan retains the final discretionary authority on what constitutes a tobacco control drug products. This list is subject to periodic review and modification. For covered OTC products, You will need to present Your physician's prescription order for the OTC item to the Network pharmacy and request that the claim be run through the CVS Caremark claim system or submit a paper claim with proper documentation of purchase and a copy of the prescription.

Enrollment in an approved tobacco control program is recommended with use of these tobacco control prescription medications. The HealthQuest tobacco control program available to You at no cost is available on the HealthQuest Web site at: **http://kansashealthquest.cernerwellness.com.**

Women's Contraceptive Services
The Plan will pay 100% of the Allowed Charge for prescription contraceptive medications listed on the Preferred Drug List. If You and Your health care provider select a prescription contraceptive medication not listed on the Preferred Drug List, You will be responsible for paying the Non Preferred Drug Coinsurance.

The list of prescription contraceptive medications covered on the Preferred Drug List is subject to periodic review and modification. Female contraceptive products which are classified by the FDA as Over-The-Counter (OTC) are eligible for coverage under this Plan if purchased with a prescription from Your Physician. This includes contraceptive products that are FDA approved emergency contraceptives. To access coverage, You will need to present the prescription for the OTC item to the Network pharmacy and request that the claim be run through the CVS Caremark claim system or submit a paper claim with proper documentation of purchase and a copy of the prescription.

Initial Prescription Drug Product Purchase
Covered Prescription Drug Products are subject to the initial fill limit of thirty (30) consecutive day supply or one standard unit of therapy whichever is less.

Refill Guidelines
Refills for up to ninety (**90) day supply** may be obtained at one time for most medications. Refills may be obtained on the following schedule:

For Non-Controlled Substance prescriptions, the refill threshold is set at 75 percent. This means that 75 percent of a member's days supply must have lapsed before the prescription can be refilled.

For Controlled Substance prescriptions, the refill threshold is set at 80 percent. This means that 80 percent of a member's days supply must have lapsed before the prescription can be refilled.

Advance Purchases
Advance Purchase of maintenance Prescription Drug Products are available for active employees only who will be departing the U.S. for an extended period of time. Copayment and Coinsurance will be the applicable Network Pharmacy payments as required for each thirty (30) day supply or standard unit of therapy received. Active employees may contact their Human Resource office to obtain the Advance Purchase Certificate. The completed form must be signed by both You and an agency employee with the authority to expend agency funds, and submitted to the State Employee Health Plan office **15 days in advance** of the anticipated departure date. Up to a one (1) year supply of medications may be obtained if the request is approved.

- When adequate time is not available to submit an Advance Purchase Request or purchases are made outside of the country, You may submit the pharmacy receipts for reimbursement upon return from the extended absence. In order to be considered for reimbursement, the patient must have continuous coverage for the entire period of absence. The Plan will reimburse You based upon the Allowed Amount for the service. You will be responsible for the difference between the pharmacy's billed charge and Allowed Charge in addition to applicable Coinsurance or Copayment.

- Prescription drugs purchased by the Member in excess of the supply limits of the Plan may be covered once the time period covered by the excess supply has elapsed so long as the excess supply purchased does not overlap any other purchases for the same product. Claims must be filed within one (1) year and ninety (90) days of the date of purchase to State Employee Health Plan, 109 SW 9th St #600, Topeka, KS 66612.
- Prescription Drug Products purchased and used while outside the United States must include documentation of the purchase to include the original receipt that contains the patient's name, the name of the product, day supply and quantity purchased and price paid. An English translation and currency exchange rate for the date of service is required from You in order to process the claim. Only Prescription Drugs Products that are eligible for payment under this Plan may be claimed for reimbursement. Claims must be filed within one (1) year and ninety (90) days of the date of purchase to State Employee Health Plan, 109 SW 9th St #600, Topeka, KS 66612.

Home Delivery

CVS Caremark offers home delivery through the mail that may save You money on Your prescription drug services. The Home Delivery option is a convenient and cost effective way to obtain Your medication through the mail to any location in the United States. **The maximum supply available is a ninety (90) day supply.** All supply limits and Plan requirements apply to mail order pharmacy purchases.

If You have an ongoing prescription and wish to start home delivery, CVS Caremark will work with You and Your physician to get You enrolled in home delivery. Simply call FastStartH toll free at **1-866-772-9503**. You must have Your prescription information as well as Your physician's telephone and FAX numbers available for the representative. CVS Caremark will call Your physician directly for Your prescription information and enroll You for mail service as soon as Your physician provides the necessary information. You will need to provide CVS Caremark with payment information for Your share of the drug cost.

If You have paper prescription, to begin home delivery, send the original prescription along with the Mail Order Service Profile form (available at **http://www.caremark.com** or **https://healthbenefitsprogram.ks.gov/sehp/vendors/CVS** or by calling **1-800-294-6324**) to CVS Caremark. You will need to include Your payment information for Your share of the drug cost.

New prescriptions and refills will typically arrive directly at Your home within 10-14 business days from the day You mail Your order. The mail order pharmacy is required by law to dispense the prescription in the exact quantity specified by the physician. Therefore, if the quantity prescribed is for less than Plan maximums per fill, the mail order pharmacy will fill the exact quantity prescribed.

For refills:
The prescription label lists the date when You can request a refill and shows how many refills You have left. Refill prescriptions on the Internet by visiting **http://www.caremark.com**. Have Your prescription number, date of birth and credit card information ready. You can also order refills by phone or through the mail. To use the automated phone service, call the toll-free number on the prescription label and have the prescription number, ZIP code and credit card information ready. Or, mail the refill slip and payment to **CVS Caremark** in the envelope that was included with Your previous shipment.

Paper Claims
Members will need to file a paper claim for the following situations:

- **Anytime Prescription Drug Products are purchased from a Non Network Pharmacy.**
- If You do not present Your Identification Card at a Network Pharmacy and are charged the retail cost of the Prescription, You will be responsible for filing a paper claim for reimbursement. (The CVS Caremark Help Desk **1-800-364-6331** can assist in transmitting)

Section 3 Coordination of Benefits

Coordination of Benefits with Medicare as Primary
When Medicare is primary, the Plan will pay the balance of the Medicare Allowed Charge in full.

Coordination of Benefits with Commercial Insurance
Only prescription drug products covered under this Plan are eligible for payment. The Allowed Charge will be the amount allowed but not covered by the other plan. Payments are subject to this Plan's applicable Coinsurance, Copayments and Plan provisions and limitations.

Order of Benefit Determination
If You are covered under more than one group plan providing drug coverage, the plan that covers You as an active employee is primary to the plan that covers You as a dependent (spouse or child) or retired employee, unless otherwise required by Medicare.
Determination of primary/secondary coverage for dependent children will be based upon the "birthday rule" unless otherwise required by court order or by law. The primary plan is the plan of the parent whose birthday is earlier (month and day) in the year.

If the parents are not married or separated (whether or not they were married) or are divorced, and the court decree does not allocate responsibility for health care or expenses, the order of benefit determination will be as follows:
a) The plan of the custodial parent;
b) The plan of the spouse of the custodial parent;
c) The plan of the noncustodial parent, and then
d) The plan of the spouse of the noncustodial parent.

Section 4 Prior Authorization

Certain Prescription Drug Products require Prior Authorization to be covered by the Plan. Prior Authorization is usually initiated by Your physician or pharmacist, however it remains Your responsibility. If these Prescription Drug Products are not authorized before being dispensed, You will be responsible for paying the full retail charge. In this case, You will need to submit a paper claim with supporting documentation to allow for consideration under the Plan. The Plan retains the final discretionary authority regarding coverage by the Plan. The list of medications requiring Prior Authorization to be covered may be viewed at **www.caremark.com** or **https://healthbenefitsprogram.ks.gov/sehp/vendors/CVS**. This list is subject to periodic review and modifications.

Section 5 Drug Tier Override

If You are taking a Non Preferred Drug and can show that You tried at least **two (2)** different Preferred Drugs in the same therapeutic class, Your physician may fax a letter documenting the medical necessity for the Prescription Drug Product to the CVS Caremark Exception Review Department at 1-888-487-9257 (for physician use only) to request a drug override. Approvals will be granted in the following situations:

1) The patient has used at least two (2) Preferred Drugs, one of which was a generic drug if available in the therapeutic class

and

- a) The Preferred Drugs were ineffective for the patient, or
- b) The patient could not tolerate the Preferred Drugs

or

2) The patient meets other pre-established clinical criteria approved by the Plan Sponsor.

If the request is approved, an override will be entered to allow the Non Preferred Drug to be paid for at the Preferred Drug Coinsurance. Discount Tier drugs are not eligible for a Drug Tier Override.

Section 6 Other Plan Provisions

Termination Of Coverage - Situations When Coverage is Terminated

The eligibility of an individual Member will terminate in the following situations:

- When the Plan is notified that a Member is no longer eligible for benefits.
- Termination of Marriage. The coverage of the husband or wife of the person named on the Identification Card ends on the last day of the month in which the divorce or legal separation was granted by court action. In such cases, the Member whose coverage is terminating will be eligible for Continuation of Coverage under COBRA.

- Eligible Dependent who no longer meets the requirements of an Eligible Dependent. In such cases, the Member whose coverage is terminating will be eligible for Continuation of Coverage under COBRA.
- If a Member fails to disclose information requested by Plan or is abusive toward providers or Plan personnel in applying for or seeking any benefits under this Benefit Description, then the rights of such Member under this Benefit description may be prospectively terminated upon written notice. At the effective date of such termination, prepayments received on account of such terminated Member applicable to periods after the effective date of termination shall be refunded and the Plan shall have no further liability or responsibility under this Benefit Description.

Fraud or Intentional Misrepresentation: You and Your Eligible Dependent's coverage may be terminated and other appropriate action taken as determined by the Plan Sponsor if You or Your Eligible Dependents participate in any act, practice or omission that constitutes fraud or intentional misrepresentation of material fact in applying for or seeking benefits under the Plan. This includes, but is not limited to:

- Allowing unauthorized persons use of Your Plan identification card(s) to obtain health care services, supplies or medications that are not prescribed or ordered for You or a covered family member, or health services which You are not otherwise entitled to receive.
- Permitting the unauthorized use of Your Plan identification card(s) to obtain health care services or supplies for someone not covered under Your Plan membership. In this instance, Coverage of the Member and/or Eligible Dependent(s) may be terminated by the Plan Sponsor and any other action determined appropriate by the Plan Sponsor may be taken.
- Using another Plan Member's identification card(s) to obtain health care services, medication or supplies for You or another third party who is not specifically covered under Your Membership in the Plan may result in the termination of Your coverage and that of Your Eligible Dependents by the Plan and any other action determined appropriate by the Plan Sponsor or Plan.

In any instance of fraud or intentional misrepresentation of material fact, with proper 30-day advance written notice, coverage for You and/or any covered Eligible Dependent(s) may be retroactively cancelled effective the first day of the month following the date on which the Member became ineligible for coverage.

Appeal and External Review

Definitions

The following terms are used herein to describe the claims and appeals review services provided by CVS Caremark:

Adverse Benefit Determination – A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a covered Plan benefit. An adverse benefit determination includes a denial, reduction, or termination of, or failure to provide or make payment (in whole or in part) for, a covered Plan benefit based on the application of a utilization review or on a determination of a Plan Member's eligibility to participate in the Plan. An adverse benefit determination also includes a failure to cover a Plan benefit because use of the benefit is determined to be experimental, investigative, or not medically necessary or appropriate. The Plan's determination of a drug's particular coverage tier is not an Adverse Benefit Determination eligible for appeal or external review. For example, the Plan's designation of a drug a "Discount Medication" (Tier 5) is not considered an Adverse Benefit Determination and therefore is not eligible for appeal or external review.

Claim – A request for a Plan benefit that is made in accordance with the Plan's established procedures for filing benefit claims.

Medically Necessary (Medical Necessity) – Medications, health care services or products are considered Medically Necessary if:

- Use of the medication, service, or product is accepted by the health care profession in the United States as appropriate and effective for the condition being treated;
- Use of the medication, service, or product is based on recognized standards for the health care specialty involved;
- Use of the medication, service, or product represents the most appropriate level of care for the Member, based on the seriousness of the condition being treated, the frequency and duration of services, and the place where services are performed; and
- Use of medication, service or product is not solely for the convenience of the Member, Member's family, or provider.

Discount Tier Services – Claims for Prescription Drug Products not covered by the Plan benefits as Discount tier items may not be appealed.

Post-Service Claim – A Claim for a Plan benefit that is not a Pre-Service or Urgent Care Claim.

Pre-authorization – CVS Caremark pre-service review of a Member's initial request for a particular medication. CVS Caremark will apply a set of pre-defined criteria (provided by the Plan Sponsor) to determine whether there is need for the requested medication.

Pre-Service Claim – A Claim for a medication, service, or product that is conditioned, in whole or in part, on the approval of the benefit in advance of obtaining the requested medical care or service. Pre-Service Claims include Member requests for pre-authorization.

Urgent Care Claim – A Claim for a medication, service, or product where a delay in processing the Claim: (i) could seriously jeopardize the life or health of the Member, and/or could result in the Member's failure to regain maximum function, or (ii) in the opinion of a physician with knowledge of the Member's condition, would subject the Member to severe pain that cannot be adequately managed without the requested medication, service, or product. CVS Caremark will defer to the Member's attending health care provider as to whether or not the Member's Claim constitutes an Urgent Care Claim

Claims and Appeals Process
Pre-authorization Review:
CVS Caremark will implement the prescription drug cost containment programs requested by the Plan Sponsor by comparing Member requests for certain medicines and/or other prescription benefits against pre-defined preferred drug lists or formularies before those prescriptions are filled.

If CVS Caremark determines that the Member's request for pre-authorization cannot be approved, that determination will constitute an Adverse Benefit Determination.

Appeals of Adverse Benefit Determinations:
If an Adverse Benefit Determination is rendered on the Member's Claim, the Member may file an appeal of that determination. The Member's appeal of the Adverse Benefit Determination must be made in writing and submitted to CVS Caremark within 180 days after the Member receives notice of the Adverse Benefit Determination. If the Adverse Benefit Determination is rendered with respect to an Urgent Care Claim, the Member and/or the Member's attending physician may submit an appeal by calling CVS Caremark. The Member's appeal should include the following information:

- Name of the person the appeal is being filed for;
- CVS Caremark Identification Number;
- Date of birth;
- Written statement of the issue(s) being appealed;
- Drug name(s) being requested; and
- Written comments, documents, records or other information relating to the Claim.

The Member's appeal and supporting documentation may be mailed or faxed to CVS Caremark:
CVS Caremark
Appeals Department
MC109
P.O. Box 52084
Phoenix, AZ 85072-2084
Fax Number: 1-866-689-3092

Physicians may submit urgent appeal requests by calling the physician-only toll-free number: 1-866-443-1183

CVS Caremark Review:
The review of a Member's Claim or appeal of an Adverse Benefit Determination will be conducted in accordance with the requirements of any State and Federal laws . Members will be accorded all rights granted to them under relevant laws. CVS Caremark will provide the first-level review of appeals of Pre-Service Claims. If the Member disagrees with CVS Caremark's decision, the Member can request an additional second-level Medical Necessity review. That review will be conducted by an Independent Review Organization ("IRO").

Timing of Review:
Pre-Authorization Review – CVS Caremark will make a decision on a Pre-Authorization request for a Plan benefit within 15 days after it receives the request. If the request relates to an Urgent Care Claim, CVS Caremark will make a decision on the Claim within 72 hours.

Pre-Service Claim Appeal – CVS Caremark will make a decision on a first-level appeal of an Adverse Benefit Determination rendered on a Pre-Service Claim within 15 days after it receives the Member's appeal. If CVS Caremark renders an Adverse Benefit Determination on the first-level appeal of the Pre-Service Claim, the Member may appeal that decision by providing the information described above. A decision on the Member's second-level appeal of the Adverse Benefit Determination will be made (by the IRO) within 15 days after the new appeal is received. If the Member is appealing an Adverse Benefit Determination of an Urgent Care Claim, a decision on such appeal will be made not more than 72 hours after the request for appeal(s) is received.

Post-Service Claim Appeal – CVS Caremark will make a decision on an appeal of an Adverse Benefit Determination rendered on a Post-Service Claim within 60 days after it receives the appeal.

Scope of Review:
During its pre-authorization review, first-level review of the appeal of a Pre-Service Claim, or review of a Post-Service Claim, CVS Caremark shall:

- Take into account all comments, documents, records and other information submitted by the Member relating to the Claim, without regard to whether such information was submitted or considered in the initial benefit determination on the Claim;
- Follow reasonable procedures to verify that its benefit determination is made in accordance with the applicable Plan documents;
- Follow reasonable procedures to ensure that the applicable Plan provisions are applied to the Member in a manner consistent with how such provisions have been applied to other similarly-situated Members; and
- Provide a review that does not afford deference to the initial Adverse Benefit Determination and is conducted by an individual other than the individual who made the initial Adverse Benefit Determination (or a subordinate of such individual).

If a Member appeals CVS Caremark's denial of a Pre-Service Claim, and requests an additional second-level Medical Necessity review by an IRO, the IRO shall:

- Consult with an appropriate health care professionals who was not consulted in connection with the initial Adverse Benefit Determination (nor a subordinate of such individual);
- Identify the health care professional, if any, whose advice was obtained on behalf of the Plan in connection with the Adverse Benefit Determination; and
- Provide for an expedited review process for Urgent Care Claims.

Notice of Adverse Benefit Determination:
Following the review of a Member's Claim, CVS Caremark will notify the Member of any Adverse Benefit Determination in writing. (Decisions on Urgent Care Claims will be communicated by telephone or fax.) This notice will include:

- The specific reason or reasons for the Adverse Benefit Determination;
- Reference to pertinent Plan provision on which the Adverse Benefit Determination was based;
- A statement that the Member is entitled to receive, upon written request, free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Claim;
- If an internal rule, guideline, protocol or other similar criterion was relied upon in making the Adverse Benefit Determination, either a copy of the specific rule, guideline, protocol or other similar criterion; or a statement that such rule, guideline, protocol or other similar criterion will be provided free of charge upon written request; and
- If the Adverse Benefit Determination is based on a Medical Necessity, either the IRO's explanation of the scientific or clinical judgment for the IRO's determination, applying the terms of the Plan to the Member's medical circumstances, or a statement that such explanation will be provided free of charge upon written request.

Authority as Claims Fiduciary:
CVS Caremark shall serve as the claims fiduciary with respect to pre-authorization review of prescription drug benefit Claims arising under the Plan, first-level review of appeals of Pre-Services Claims, and review of Post-Service Claims. CVS Caremark shall have, on behalf of the Plan, sole and complete discretionary authority to determine these Claims conclusively for all parties. CVS Caremark is not responsible for the conduct of any second-level Medical Necessity review performed by an IRO. Likewise, CVS Caremark is not responsible for the conduct of any State External Review conducted by an External Review Organization (discussed below).

Procedure For Pursuing An External Review
Plan member whose Claim Involving Medical Judgment is denied may request, in writing, an External Review of such Claim within four months after receiving notice of the Final Internal Adverse Benefit Determination. The member's request should include the member's name, contact information including mailing address and daytime phone number, member ID number, and a copy of the coverage denial. The member's request for External Review and supporting documentation may be mailed or faxed to CVS Caremark:
CVS Caremark
External Review Appeals Department
MC109
P.O. Box 52084
Phoenix, AZ 85072-2084
Fax Number: 1-866-443-1172

Preliminary Review:
Within five days of receiving a Plan member's request for External Review, CVS Caremark will conduct a "preliminary review" to ensure that the request qualifies for External Review.
In this preliminary review, CVS Caremark will determine whether:

- The member is or was covered under the Plan at the time the prescription drug benefit at issue was requested, or in the case of a retrospective review, was covered at the time the prescription drug benefit was provided;
- The Adverse Benefit Determination or Final Internal Adverse Benefit Determination does not relate to the member's failure to meet the Plan's requirements for eligibility (for example, worker classification or similar determinations), as such determinations are not eligible for Federal External Review;
- The member has exhausted the Plan's internal appeals process (unless the member's Claim is "deemed exhausted" under the ACA); and
- The member has provided all the information and forms necessary to process theExternal Review.

In addition, CVS Caremark will review the member's request for External Review to determine whether it involves a Claim Involving Medical Judgment. If CVS Caremark determines that the request does not involve a Claim Involving Medical Judgment, it will forward the member's request for External Review to an IRO for further review. The IRO will determine whether the member's request for External Review involves a Claim Involving Medical Judgment as soon as possible.
Within one day after completing its preliminary review, CVS Caremark will notify the member, in writing, that: (i) the member's request for External Review is complete, and may proceed; (ii) the request is not complete, and additional information is needed (along with a list of the information needed to complete the request); or (iii) the request for External Review is complete, but not eligible for review.

Referral to IRO:
If the member's request for External Review is complete and the member's Claim is eligible for External Review, CVS Caremark will assign the request to one of the IROs with which CVS Caremark has contracted. The IRO will notify the member of its acceptance of the assignment. The member will then have 10 days to provide the IRO with any additional information the member wants the IRO to consider.
The IRO will conduct its external review without giving any consideration to any earlier determinations made on behalf of the Plan and the Plan Sponsor. The IRO may consider information beyond the records for the member's denied Claim, such as:

- The member's medical records;
- The attending health care professional's recommendations;
- Reports from appropriate health care professionals and other documents submitted by the Plan, the member, or the member's treating physician;
- The terms of the Plan to ensure that the IRO's decision is not contrary to the terms of the plan (unless those terms are inconsistent with applicable law);
- Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national, or professional medicine societies, boards, and associations;
- Any applicable clinical review criteria developed and used on behalf of the Plan (unless the criteria are inconsistent with the terms of the Plan or applicable law); and
- The opinion of the IRO's clinical reviewer(s) after considering all information and documents applicable to the member's request for External Review, to the extent such information or documents are available and the IRO's clinical reviewer(s) considers it appropriate.

Timing of IRO's Determination:
The IRO will provide the member and CVS Caremark (on behalf of the Plan) with written notice of its final External Review decision within 45 days after the IRO receives the request for External Review.
The IRO's notice will contain:

- A general description of the reason for the request for External Review, including information sufficient to identify the Claim (including the date or dates of service, the health care provider, the claim amount [if available], and the reasons for the previous denials);
- The date the IRO received the External Review assignment from CVS Caremark, and the date of the IRO's decision;
- References to the evidence or documentation, including specific coverage provisions and evidence-based standards, the IRO considered in making its determination;

- A discussion of the principal reason(s) for the IRO's decision, including the rationale for the decision, and any evidence-based standards that were relied upon by the IRO in making its decision;
- A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either the Plan or to the member;
- A statement that the member may still be eligible to seek judicial review of any adverse External Review determination; and
- Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman available to assist the member.

Reversal of the Plan's Prior Decision:
If CVS Caremark, acting on the Plan's behalf, receives notice from the IRO that it has reversed the prior adverse determination of the member's Claim, CVS Caremark will immediately provide coverage or payment for the Claim.

Federal External Review Process (Expedited)
A member may request an expedited External Review:

- If the member receives an Adverse Benefit Determination related to a Claim Involving Medical Judgment that involves a medical condition for which the timeframe for completion of an expedited internal appeal would seriously jeopardize the life or health of the member, and/or could result in the member's failure to regain maximum function, and the member has filed a request for an expedited internal appeal; or
- If the member receives a Final Internal Adverse Benefit Determination related to a Claim Involving Medical Judgment that involves; (i) a medical condition for which the timeframe for completion of a standard External Review would seriously jeopardize the life or health of the member, and/ or could result in the member's failure to regain maximum function,; or (ii) an admission, availability of care, continued stay, or a prescription drug benefit for which the member has received emergency services, but has not been discharged from a facility.

Request for Review:
If the member's situation meets the definition of urgent under the law, the external review of the Claim will be conducted as expeditiously as possible. In that case, the member or the member's physician may request an expedited external review by calling the Customer Care toll-free at the number on the member's benefit ID card or contacting the benefits office. The request should include the member's name, contact information including mailing address and daytime phone number, member ID number, and a description of the coverage denial.

Alternatively, a request for expedited External Review may be faxed; member contact information and coverage denial description, and supporting documentation may be faxed to the attention of the CVS Caremark External Review Appeals Department at fax number 1-866-443-1172.

All requests for expedited review must be clearly identified as "urgent" at submission.

Preliminary Review:
Immediately on receipt of a member's request for expedited External Review, CVS Caremark will determine whether the request meets the reviewability requirements described above for standard External Review. Immediately upon completing this review, CVS Caremark will notify the member that: (i) the member's request for External Review is complete, and may proceed; (ii) the request is not complete, and additional information is needed (along with a list of the information needed to complete the request); or (iii) the request for External Review is complete, but not eligible for review.

Referral to IRO:
Upon determining that a member's request is eligible for expedited External Review, CVS Caremark will assign an IRO to review the member's Claim. CVS Caremark will provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Adverse Benefit Determination to the assigned IRO electronically, by telephone, by fax, or by any other available expeditious method. The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information and documents described above. In reaching a decision on an expedited request for External Review, the IRO will review the member's Claim de novo and will not be bound by the decisions or conclusions reached on behalf of the Plan during the internal claims and appeals process.

Timing of the IRO's Determination:
The IRO must provide the member and CVS Caremark, on behalf of the Plan, with notice of its determination as expeditiously as the member's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the member's request for External Review. If this notice is not provided in writing, within 48 hours after providing the notice, the IRO will provide the member and CVS Caremark, on behalf of the Plan, with written confirmation of its decision.

Authority for Review:
CVS Caremark will be responsible only for conducting the preliminary review of a member's request for External Review, ensuring that the member is timely notified of the decision as to eligibility for External Review, and for assigning the request for External Review to an IRO. The actual External Review of a member's appeal will be conducted by the assigned IRO. CVS Caremark is not responsible for the conduct of the External Review performed by an IRO.

Exclusions

The Plan does not cover the following:

1. Prescription Drug Products in amounts exceeding the supply limit referenced in Section 2.
2. Drugs which are prescribed, dispensed, or intended for use while You are an inpatient in a hospital or other facility.
3. Benefits are not available to the extent a Prescription Drug Product has been covered under another contract, certificate or rider issued by the Plan Sponsor.

4. Prescription Drug Products furnished to a Member by any local, state or federal government entity; except as otherwise provided by law, any Prescription Drug Product to the extent payment or benefits are provided or available from any local, state or federal government entity (for example, Medicare) regardless of whether payment or benefits are received.
5. Prescription Drug Products for any condition, illness, injury, sickness or mental illness arising out of or in the course of employment for which compensation benefits are available under any Worker's Compensation Law or other similar laws, regardless of whether the Member makes a claim for, or receives such compensation or benefits.
6. Compounded drugs not containing at least one (1) ingredient with a valid National Drug Code (NDC) number and requiring a Physician's Order to dispense. In addition, the Compounded Medication must have FDA approval and all required information must be provided on the claim.
7. Compound claims for pain patches or creams containing ingredients (alone or in combination) for the temporary relief of minor aches and muscle pains associated with arthritis, simple backache, strains, muscle soreness and stiffness are Non Covered services. Pain patches with ingredients including but not limited to: lidocaine, menthol, capsaicin and methyl salicylate are Non Covered services.
8. Compound drugs purchased from a Non Network Pharmacy.
9. Drugs available over-the-counter or for which the active ingredients do not require a Prescription by federal or state law unless otherwise stated as eligible for coverage in this benefit description.
10. Injectable drugs administered by a Health Professional in an inpatient setting.
11. Durable or disposable medical equipment or supplies, other than the specified diabetic and ostomy supplies.
12. Replacement Prescription Drug Products including damaged, lost, stolen or spilled Prescriptions.
13. Legend general vitamins except Legend prenatal vitamins, Legend vitamins with fluoride, and Legend single entity vitamins.
14. Prescription Drug Products that are not medically necessary.
15. Charges to administer or inject any drug unless eligible under the Comprehensive Site of Care Specialty Program.
16. Prescription Drug Products that are administered or entirely used up at the time and place ordered, such as in a clinic or physician's office.
17. Prescription Drug Products for which there is normally no charge in professional practice.
18. Therapeutic devices, artificial appliances, or similar devices, regardless of intended use.
19. Prescription Drug Products purchased from an institutional pharmacy for use while the Member is an inpatient in that institution.
20. Experimental, investigational, or unproven prescription drug products, treatments or therapies.
21. Prescription Drug Products that have not been approved by the Federal Food and Drug Administration.

22. Health care services and drugs customarily provided by the research sponsors of a clinical trial free of charge for any insured participating in a clinical trial.
23. Charges for the delivery of any drugs.
24. Prescription Drug Products approved for experimental use only. The Plan has the right to deny benefits for any drug prescribed or dispensed in a manner that does not agree with normal medical or pharmaceutical practice.
25. Coverage for allergy antigens under any circumstances.
26. Enteral nutritional supplements which do not qualify as a Prescription Drug Product as defined herein.
27. Drugs imported by the member for use in the United States from foreign countries.

Section 7 Oral Anti-Cancer Medication Rider

This rider outlines the coverage provided for oral anti-cancer prescription drug products.

Definitions:

Allowed Charge – the maximum amount the Plan determines is payable for a covered expense. For this Plan the Allowed Charge will be the contracted reimbursement rate including any applicable sales tax. When this Plan is secondary to other insurance, the Allowed Charge will be the amount allowed but not paid by the other plan subject to the coverage provisions of this Plan.

Oral Anti-Cancer Prescription Drug Product – orally administered Prescription Drug Products used to kill or slow the growth of cancerous cells.

Specialty Drugs - Utilized by a small percentage of the population with rather complex and/or chronic conditions requiring expensive and/or complicated drug regimens that require close supervision and monitoring on an ongoing basis. Specialty drugs may require specialized delivery and are administered as injectable, inhaled, oral or infusion therapies. The major conditions these drugs treat include some cancer medications. Coverage under the drug plan is limited to medications that have been designated by the Plan as Specialty Drugs and are either self-administered or self-injectable. To be eligible for coverage under the Plan, Specialty Drugs must be purchased from the CVS Caremark Specialty Pharmacy. This list of Specialty Drugs is subject to periodic review and modification.

Standard Unit of Therapy – Up to a thirty (30) consecutive day supply of Prescription Drug Product, unless adjusted based on the drug manufacture's packaging size or "standard units of therapy guidelines." Some products may be subject to additional supply limits adopted by the Plan.

Benefit Provisions:

Coverage For Outpatient Prescription Drug Products:
The Plan provides coverage for Prescription Drug Products, if all of these conditions are met:

1. You are an eligible Member in the Plan; and
2. it is Medically Necessary;
3. it is obtained through a Network Retail, Network Home Delivery, or a Non Network Retail Pharmacy;
4. Specialty Drugs for self administration or injection must be obtained from the CVS Caremark Specialty Pharmacy;
5. The Prescription Drug Product is covered under the Plan and it is dispensed according to Plan guidelines.

Benefits are provided for each eligible Prescription Drug Product filled, subject to payment of any applicable Coinsurance. The Provider and the patient, not the Plan or the employer determine the course of treatment. Whether or not the Plan will cover all or part of the treatment cost is secondary to the decision of what the treatment should be. If You use a Network Pharmacy, the Member's payment shall not exceed the Allowed Charge when You present Your identification card to the pharmacy as required. When a Non Network Pharmacy is used, You will be responsible for the difference between the pharmacy's billed charge and Allowed Charge in addition to applicable Coinsurance. Benefits for services received from a Retail Non Network Pharmacy will be paid to the primary insured. You can not assign benefits under this program to any other person or entity. Prior authorization may be required for some prescription products.

To be eligible for coverage under the Plan, Specialty Pharmacy products that are self-administered or self injected must be purchased from the CVS Caremark Specialty Pharmacy. Should You be prescribed a drug on the Specialty Drug list, simply call CaremarkConnect® at 1-800-237-2767. CVS Caremark offers home delivery through the mail of most prescription products. The Home Delivery option is a convenient way to obtain Your medication through the mail at any location in the United States.

A complete list of Oral Anti-Cancer Prescription Drug Products is available at **http://www.caremark.com** or **https://healthbenefitsprogram.ks.gov/sehp/vendors/CVS**. The Plan retains the final discretionary authority regarding coverage by the Plan. This list is subject to periodic review and modification.

Oral Anti-Cancer Prescription Drug Products	
Coverage	Member Responsibility
Coinsurance	20% Coinsurance to a Maximum of $100 dollars per Standard Unit of Therapy

Oral Anti-Cancer Prescription Drug Products:
Your responsibility is 20% Coinsurance of the Allowed Charge not to exceed $100 per standard unit of therapy for covered Oral Anti-Cancer Prescription Drug Products. You will pay Coinsurance until You reach the Plan combined medical and pharmacy Out of Pocket Maximum. Once the Out of Pocket Maximum has been met, the Plan pays 100% of the Allowed Charged for covered Oral Anti-Cancer Prescription Drug Products covered under this rider for the remainder of the calendar year. The Plan retains the final discretionary authority on what constitutes an oral cancer prescription drug product. This list is subject to periodic review and modification. This list is subject to periodic review and modification.

Initial Prescription Drug Product Purchase
Covered Prescription Drug Products are subject to the initial fill limit of thirty (30) consecutive day supply or one standard unit of therapy whichever is less. Some products may be subject to additional supply limits adopted by the Plan. Specialty Medications are limited to a 30 day supply.

Refill Guidelines
Refills for up to a ninety **(90) day supply** may be obtained at one time for most medications.

For Non-Controlled Substance prescriptions, the refill threshold is set at 75 percent. This means that 75 percent of a member's days supply must have lapsed before the prescriptions can be refilled.

For Controlled Substance prescriptions, the refill threshold is set at 80 percent. This means that 80 percent of a member's days supply must have lapsed before the prescription can be refilled.

Time Limit for Filing Claims

You are responsible for making sure the Network Pharmacy knows You have prescription drug coverage and submits a claim for You. Most claims under this program are submitted electronically at the time of purchase. For those claims that are not, electronic claims may be submitted or adjusted within thirty (30) days of purchase. If You use a Non Network Provider, You must submit the notice Yourself. Notice of Your claim must be given to the Plan within ninety (90) days after You receive services. If it is not reasonably possible for You to submit a claim within ninety (90) days after You receive services, You or someone authorized by You must submit the claim as soon as reasonably possible. No claim will be paid if not received by the Company within one (1) year and ninety (90) days after You receive services.

Exclusions:
The Plan does not cover the following:

1. Prescription Drug Products in amounts exceeding the supply limit allowed under this rider.
2. Drugs which are prescribed, dispensed, or intended for use while You are an inpatient in a hospital or other facility.
3. Benefits are not available for any Prescription Drug Products for which a claim for benefits has already been processed under another contract, certificate or rider issued by the Plan Sponsor.

4. Prescription Drug Products furnished to a Member by any local, state or federal government entity; except as otherwise provided by law, any Prescription Drug Product to the extent payment or benefits are provided or available from any local, state or federal government entity (for example, Medicare) regardless of whether payment or benefits are received.
5. Prescription Drug Products for any condition, illness, injury, sickness or mental illness arising out of or in the course of employment for which compensation benefits are available under any Worker's Compensation Law or other similar laws, regardless of whether the Member makes a claim for, or receives such compensation or benefits.
6. Compounded drugs not containing at least one (1) ingredient with a valid National Drug Code (NDC) number and requiring a Physician's Order to dispense. In addition, the Compounded Medication must have FDA approval and all necessary information must be provided on the claim.
7. Drugs available over-the-counter or for which the active ingredients do not require a Prescription by federal or state law.
8. Injectable and Prescription Drug Products administered by a Health Professional in an inpatient setting.
9. Prescription Drug Products that the Plan determines are not medically necessary.
10. Experimental or unproven prescription drug products, treatments or therapies.
11. Prescription Drug Products that have not been approved by the Federal Food and Drug Administration.
12. Health care services and drugs customarily provided by the research sponsors of a clinical trial free of charge for any insured participating in a clinical trial.
13. Charges to administer or inject any drug unless eligible under the Comprehensive Site of Care Specialty Program.
14. Prescription Drug Products that are administered or entirely used up at the time and place ordered, such as in a clinic or physician's office.
15. Prescription Drug Products for which there is normally no charge in professional practice.
16. Prescription Drug Products purchased from an institutional pharmacy for use while the Member is an inpatient in that institution.
17. Charges for the delivery of any drugs.
18. The Plan has the right to deny benefits for any drug prescribed or dispensed in a manner that does not agree with normal medical or pharmaceutical practice.
19. Replacement Prescription Drug Products including damaged, lost, stolen or spilled Prescriptions.

Section 8 Amino Acid-based Elemental Formula Pilot Program Rider

Amino Acid-based Elemental Formula Pilot Program
The SEHP has been authorized by the Kansas Legislature with conducting a pilot program providing coverage for amino acid-based elemental formula for the treatment or diagnosis of food protein-induced enterocolitis syndrome, eosinophilic disorders or short bowel syndrome. Formula must be purchased from a Network Pharmacy and Prior Authorization is required to ensure the member meets the criteria established for the pilot program. Approved formula products will be subject to the applicable Coinsurance tier for the type of formula purchased.

Members will need to take eligible over the counter formula products to the pharmacy counter along with the physician's prescription and their Caremark id card to have the claims processed for eligible benefits.

Coverage is limited to the following list of eligible formula products for the treatment or diagnosis of food protein-induced enterocolitis syndrome, eosinophilic disorders or short bowel syndrome when Prior Authorized and purchased from a Network Pharmacy:

- Alfamino products
- Elecare products
- Neocate products
- Puramino products
- Tolerex products
- Vivonex products

The plan retains final discretionary authority on what constitutes an amino acid-based elemental formula. The list of eligible formula is subject to periodic review and modification.

Section 9 Preferred Drug List

Kansas State Employee Health Plan
Preferred Drug List

2021

Effective 01/01/2021

For questions or additional information, access the State of Kansas website at **http://healthbenefitsprogram.ks.gov/sehp/vendors/CVS** or call the **Kansas State Employees Prescription Drug Program** at **1-800-294-6324**.

The Preferred Drug List is subject to change. To locate covered prescriptions online, access the State of Kansas website at **http://healthbenefitsprogram.ks.gov/sehp/vendors/CVS** for the most current drug list.

What is a Preferred Drug List?
A Preferred Drug List is a list of safe and cost-effective drugs, chosen by a committee of physicians and pharmacists. Drug lists have been used in hospitals for many years to help ensure quality drug use. The Kansas State Employees Preferred Drug List will be continually revised to reflect the changing drug market.

Should I ask my physician to switch my current medications to a medication that is on the Preferred Drug List?
Many of your medications will already be on the Preferred Drug List. However, if you have a medication that is not, ask your physician to choose a similar Preferred Drug List product for you to use.

Should I use generics?
There are many medications on the market that do not come in generic form. For those drugs that do, your pharmacist should suggest safe and effective generic alternatives.

This document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.

The current list of Preferred drugs may be viewed at **www.caremark.com** or **http://healthbenefitsprogram.ks.gov/sehp/sehp-vendors**.
