Tuesday, May 12, 2026 at 10 a.m. in the Docking Building, Rm. 300

- 1.) Introducing all members (my apologies for not doing this last time)
- 2.) Discussing the decision made by the HCC on ASO providers (assuming that one has been made at their May 11 meeting).
- 3.) Discussing the state of GLP-1 policies and any statement we (the EAC) collectively wish to make regarding coverage of GLP-1 medications for weight management.
