2023 HealthQuest Rewards Program Details

The HealthQuest Rewards Program is a **wellness incentive program** offered by the **State Employee Health Plan (SEHP)** that promotes health and wellness through rewards and information. Participants who complete activities that promote physical, mental and emotional wellness **earn credits** towards their medical insurance premium incentive discounts and Health Reimbursement Account (HRA)/Health Savings Account (HSA) reward dollars for participants in **Plans C, J and N**.

Each person's path to well-being is unique and personal. HealthQuest is designed to offer all participants the opportunity to access the activities and resources offered through this program. As part of that accessibility, if a participant feels unable to access or participate in an activity or resource due to personal limitations, they may request reasonable alternatives to earn their HealthQuest credits and continue their personal path to wellness. Reasonable alternatives may be requested by contacting us at SEPHHealthQuest@ks.gov.
